

# INTERMED XP

JANUARY 2012

NEWSLETTER

**Home:** Intermed XP's GOAL is presented.

It is to be the One-Stop Shop in US for customers interested in **animal related products** and therefore to streamline supply & demand between US suppliers and manufacturers and customers.

**Contact US:** For inquiries, pricing and other relevant questions related to products and the services we offer.

## Product Information and

**Latest News:** we will inform and update our existing customers, new customers and potential leads of the latest information related to new products and trends and events, through our Monthly Newsletter

**Products:** the right place where to find most of the products Intermed XP carries, including 1) Veterinary & Medical Equipment 2) Race Performance products; 3) Products for joints and pain/Anti-inflammatory products & Topicals; 4) Blisters and Counter -Irritants; 5) Muscle Growth; 6) Recovery.

## Services:

- Private Label Products: Working closely with the best US manufacturers in the animal food industry, Intermed XP offers specific products under private labeling. Contact us for details and send us your formulas for quotes.
- Labeling: In response to varied needs, labels or the printing of labels using either manufacturer generated labeling or customer formulated wording are available.

**Greetings!!!** Our spanking new Intermed XP website is launched and available to facilitate easy access to us and our products. We hope that you will find Intermed XP's website, which is divided or complicated terms into FIVE sections, to be USER FRIENDLY!. If not, please do give us your suggestions!

- Intermed XP satisfies a growing demand for personalized products to meet administrative requirements as regulations and procedures evolve. Customers may choose to have labels affixed prior to delivery on containers with all required markings or do so themselves.
- Translation: Plurilingual accuracy and technical precision are our hallmark. Accustomed to manufacturing literature, shipping and trade documents in French and English, this service is now being extended to Spanish/English and English/Spanish.
- Bulk Service: To accommodate customers desiring products in large quantities, Intermed XP proposes a customized procuring of goods in bulk to meet individual needs.

**Enjoy** and join us for this adventure!!!
