Mare and Foal Phase Mix P55™

Vitamin-Mineral Supplement For
Gestating Mares & Growing Horses

Balances Mixed and / or
Legume Forages.

Contains
Bone
Strengthening
Silicon

Gestating Mare FEEDING DIRECTIONS:

Top Dress at the rate of 4 oz. per 1,000 lbs. of body weight per day in divided meals.
Weanlings / Yearlings: Top dress at a rate of 1 to 4 oz. daily.
1 rounded scoop = 2 oz. (included)

No claims are expressed or implied. Consult your veterinarian as to advisability of the use for your horse. For animal use only.

Micro-Coat™ Process: Each Micro particle is coated with a processed edible oil containing essential fatty acids and tocopherols. Micro-Coat encapsulation process results in a soft, digestible product.

DISCLAIMER:
The directions for the use of this product are based on normal conditions and should be followed carefully. However, it is intended to eliminate all risk inherently associated with the use of this product. No case shall Uckele Health & Nutrition, Inc. or its affiliates be held liable for consequential, special or indirect damages resulting from the handling of this product.

PRODUCT WARRANTY:
Uckele guarantees label potency up to date of manufacture or through expiration date if stored properly. If a recent guaranteed analysis during this period, the unused product will be refunded.
