

Description

A calcium and phosphorus supplement for horses and dogs.

Ingredients

Dicalcium phosphate dehydrate

Guaranteed Analysis:

Phosphorus (P)	Min. 18.5%
Calcium (Ca)	Max. 25%
	Min. 22%
Fluorine (F)	Max. 0.07%

Directions for Use

Horses: 1-2 ounces daily in feed

Dogs: ½-2 teaspoons daily in feed

Warning

For veterinary use only.

Keep out of reach of children.

Storage

Store in a cool, dry place. Keep lid tightly closed.

Features

- Calcium and phosphorus comprise about 70% of the total mineral content of the horse's body
- Important in the normal development of bone in the growing foal
- Calcium is essential for proper muscle functioning, nerve conduction, and several metabolic reactions
- Useful source of calcium and phosphorus when the current diet is not meeting the animal's needs (performance, growth, lactation)
