Joint Support for Horses

Uckele

EQUINE®

Net Contents: 2 lbs. (907 g)

PRODUCT FACTS

For use in equine only.
Recommended to support healthy joints.

Directions for use:

Loading: 10 grams twice daily for 3 days.
Maintenance: 10 grams daily thereafter.
Intense Training: Up to 30 grams daily.
1 scoop = 10 grams.

WARNINGS: For animal use only. Do not use in children and other species. In case of an allergic reaction or a health professional consultation, discontinue use. Do not give to animals unless the veterinarian has advised you to do so.

DISCLAIMER: The manufacturer does not warrant that the product will be effective in all cases. The manufacturer does not assume any liability for any injury or damage resulting from the use of this product. For environmental, general or other reasons, the manufacturer reserves the right to change the product without notice.

WARRANTY: Uckele guarantees that the product will be effective in supporting healthy joints in horses for up to three months. If you are not satisfied with the product through experience use, if you have a horse, you may return the product to most participating retailers for a full refund of your purchase price. The manufacturer does not accept any other refund.
